# California Federal Courts

The following list indicates the district and division name for each county in the state. If the district or division name of the bankruptcy court is different from the civil/criminal court, it appears in parentheses.

Note there is a possibility for Alameda, Contra Costa, Del Norte, Humboldt, Lake, Marin, Mendocino, Napa, San Francisco, San Mateo, and Sonoma in the Northern District of California District Court, cases may be filed at either the San Francisco Division or Oakland Division. From there a case may be assigned to either division. Records are available electronically or on public access terminals at either Division, and at the San Jose Division. To find the actual locations of records, first search by name to find case numbers; the first number of the case number indicates the file location: 3=San Francisco, 4=Oakland, 5=San Jose.

### Searching Standards for Federal Courts:

District Courts index by defendant, plaintiff, and by case number. Bankruptcy Courts usually index by debtor and case number. Most case files created prior to 1999 were maintained in paper format only. Since 2006, all cases are filed electronically. Paper case files may be stored at the courthouse or forwarded to a designated Federal Records Center (see <http://archives.gov/frc>), the timeframe determined by the Court. These case files may be obtained via the Court or directly from the FRC.

Case data may be viewed PACER, the online public access program. An account is required, the fee is \$.10 per page; there is no fee if a usage does not exceed \$15.00 in a quarter. For details about PACER see the Appendix or go to <https://www.pacer.gov> or call 800-676-6856.

The copy fee is \$.50; \$.10 if electronic document is printed from terminal. Certification fee is \$11.00 per document and \$21.00 for exemplification, if available. If a case is still available from the individual federal court, the search fee is \$30.00. If the case is at the Archives, the case can be ordered from the court. The fee to retrieve a paper file is \$64.00 for the first box and \$39.00 ea add'l box. Also, the public can order copies direct online from the National Archives. Copies can be delivered by mail, fax, or email. See more information, including fees, at [www.archives.gov/research/court-records/55](http://www.archives.gov/research/court-records/55).

## The Supreme and Appellate Courts

The Supreme Court is the court of last resort. The Courts of Appeal are organized into six districts. The website above provides access to all opinions from the Supreme Court and Appeals Courts from 1850 to present. Click on *Case Information*.

## Courts and Jurisdictions

## Details on Court Structure

**Superior Courts** have jurisdiction over all felonies, misdemeanors, traffic matters, and all civil cases including family law, probate, juvenile, and general civil matters.

Between 1998 and 2000 individual counties unified the Superior Courts and Municipal Courts within their respective counties. Some courts that were formerly Municipal Courts became **Limited Jurisdiction Superior Courts**. They generally hear civil cases under \$25,000. Appeals in limited civil cases (where \$25,000 or less is at issue) and misdemeanors are heard by the appellate division of the Superior Court. When a small claims case is appealed, a Superior Court judge decides the case.

If there is more than one court of a type within a county, then where the case is tried and where the record is held depends on how a citation is written, or where the infraction occurred, or where the filer chose to file the case.

It is important to note that Limited Courts may try minor felonies.

In 2012 and 2013 the state closed a number of courts. For example in the Spring of 2013, Los Angeles County closed 9 courts.

## Record Searching Facts You Need to Know

### Fees and Record Searching Tips

Fees are set by statute - per California Government Code -GC 70627(c). See an overview at [www.courts.ca.gov/documents/feetable09.doc](http://www.courts.ca.gov/documents/feetable09.doc). There is no search fee unless the search takes more than 10 minutes, in which case the fee is \$15.00. Certification is \$25.00 per document plus copy fee; copies are \$.50 per page. Most courts follow these guidelines, but not all do - some courts charge the fee regardless of the time involved.

Some courts require a signed release from the subject in order to perform criminal searches and will no longer allow the public to conduct such searches. Personal checks are accepted per state law.

Due to its large number of courts, the Los Angeles County section is arranged uniquely herein. Each branch or "Division" of the Los Angeles Superior Court is given by name, which usually indicates a court's general jurisdictional and geographic boundary. The court name is followed by the District it is located in — South Central, West, Northeast, Central, etc. Also, a court name may mention whether its jurisdiction is "Civil only" or "Criminal only."

### Online Access is on a County Basis

There is no statewide online access available for the trial court record index. However, a number of counties have their own online access system and some provide web access at no fee.

Of note, the Los Angeles County has an extensive list of free and fee-based online systems at <http://www.lacourt.org/onlineservices/ON0001.aspx>. There are separate searches for civil, criminal, probate, family law, traffic, and appellate cases. Fees are required to obtain docket or case information by name for civil and criminal dockets. The free portion includes calendars and some case summaries; however, it generally takes a case number to access them.

Note that it can take as long as 10 working days before new criminal records can show on this online system, but the data is current when researched in person.

A few counties will perform separate tax lien searches.

Financing statements are filed at the state level except for real estate related collateral which are filed with the County Recorder. Few will perform UCC searches. Use search request form UCC-11. Copy costs vary.
