

# STATE PUBLIC RECORD LISTINGS

## INDIANA

State Public Record Listings (SPRLs) enable you to quickly reach government agencies and institutions that house public records.

SPRLs are an ideal tool for returning citizens looking to identify sources and repositories of public record documents and those seeking to conduct legal research.

### State Public Record Listings Includes 28,000+ Agencies:

- **Agency Facts:** office hour; time zone; web sites, types of records held.
- **Search and Access Facts:** all methods of access; indexing; search requirements; how far back records are kept and available, online availability with comments on accuracy; when public access terminals are onsite; turnaround times.
- **Privacy Facts:** restrictions imposed on searchers or types of searchers; if signed releases or notarized statements are required.
- **All Fees:** access, copy; certification; expedited; if credit cards are accepted; if personal or business checks accepted.
- **Searching Tips and Idiosyncrasies:** inside information on what you need to know about a particular agency holding records.
- Plus Much More!

### SPRLs are your direct connection to these six comprehensive categories:

#### 1. County and Local Courts

- 75% of criminal and civil courts provide online access to an historical docket index - but how good are these sites? SPRLs includes analyzation of all state online judicial systems; if statewide, if on-site equivalent; all access methods.
- Nearly 80% of the courts now offer an onsite public access terminal (PAT).
- Know which courts will or will not perform a clerk name search.
- Besides criminal and civil, find out about probate, eviction, small claims, traffic, town infractions, and family court records, etc. - and more!

#### 2. Federal Courts

- The counties assigned to each Federal Court - or when not assigned.
- How to obtain online records.
- All about Multi-Voice Case Information Systems (VCIS & McVCIS), Electronic Case Files (CFE), and Federal Record Centers, EDGAR, etc. - and more!

#### 3. Local Recorder and Assessor Offices

- Which agencies provide online document images.
- When you need to hire your own onsite retriever.
- Direct phone lines to county/city/parish agencies, etc. - and more!

#### 4. State Agencies with Public Records

- Permit purchase of databases or customized lists.
- Offer online access to records.
- Offer record access by phone.
- Require a signed release, offer expedited services, accept business checks, permit requesters to set up an account, etc. - and more!

#### 5. Occupational Licensing Boards

- 5,466 Web sites with credential lookups by name.
- Direct phone lines for license status to complaints, violations, or disciplinary actions.

#### 6. The County Locator

- Identifies the correct county location for 159,000 ZIP Code and place/city name combinations.
- Identifies 9,000+ ZIPs that cross county lines.

## Searching Standards for Federal Courts:

District Courts index by defendant, plaintiff, and by case number. Bankruptcy Courts usually index by debtor and case number. Most case files created prior to 1999 were maintained in paper format only. Since 2006, all cases are filed electronically. Paper case files may be stored at the courthouse or forwarded to a designated Federal Records Center (see <http://archives.gov/frc>), the timeframe determined by the Court. These case files may be obtained via the Court or directly from the FRC.

Case data may be viewed PACER, the online public access program. An account is required, the fee is \$.10 per page; there is no fee if a usage does not exceed \$15.00 in a quarter. For details about PACER see the Appendix or go to <https://www.pacer.gov> or call 800-676-6856.

The copy fee is \$.50; \$.10 if electronic document is printed from terminal. Certification fee is \$11.00 per document and \$21.00 for exemplification, if available. If a case is still available from the individual federal court, the search fee is \$30.00. If the case is at the Archives, the case can be ordered from the court. The fee to retrieve a paper file is \$64.00 for the first box and \$39.00 ea add'l box. Also, the public can order copies direct online from the National Archives. Copies can be delivered by mail, fax, or email. See more information at [www.archives.gov/research/court-records/.55](http://www.archives.gov/research/court-records/.55).

# Indiana Courts

## Administration

Division of State Court Administrator, 30 South Meridian St, Suite 500, Indianapolis, IN, 46204; 317-232-2542, Fax 317-233-6586. [www.in.gov/judiciary](http://www.in.gov/judiciary)

## The Supreme and Appellate Courts

The Supreme Court is the court of last resort. The Court of Appeals of Indiana is an intermediate appellate court and Indiana's second-highest court. Decisions and case records from the Supreme and Appellate Courts are viewable online from the home page mentioned above.

## Courts and Jurisdictions

\* Profiled in this Sourcebook.

## Details on the Court Structure

Indiana has 92 counties, and 90 of these counties comprise their own circuit, with their own **Circuit Court**. The remaining two small counties (Ohio and Dearborn counties) have combined to form one circuit. Circuit courts traditionally heard all civil and criminal cases and have unlimited trial jurisdiction, except when exclusive or concurrent (shared) jurisdiction is conferred upon other courts. Circuit Courts also have appellate jurisdiction over appeals from City and Town Courts.

The majority of Indiana trial court cases are held in the **Superior Courts** and almost all Indiana counties have Superior Courts in addition to their Circuit Court. For the most part Superiors Courts also have general jurisdiction but their trial jurisdiction and organization varies from county to county. They can hear all civil and criminal cases, and small claims and minor offense cases.

In counties without Superior Courts, the Circuit Courts in addition to all other cases, also handle small claims cases, such as civil disputes involving less than \$6,000 and minor offenses, such as misdemeanors, ordinance violations, and Class D felonies.

Currently there are forty-seven **City Courts** and twenty-eight **Town Courts** in Indiana. City and Town Courts handle minor offenses such as violations of city ordinances (laws), misdemeanors, and infractions. These courts commonly handle traffic matters. City and Town courts are not courts of record (their proceedings are not recorded), so appeals from city and town courts go to the circuit or superior courts and are decided as if they have never been to court before.

Note that Small Claims cases in Marion County are heard at the township and records are maintained at that level.

## Record Searching Facts You Need to Know

### Fees and Record Searching Tips

The Circuit Court Clerk/County Clerk in a county is the same individual and is responsible for keeping all county judicial records. However, we recommend that, when requesting a record, the request indicate which court heard the case (Circuit, Superior, or County). Many courts do not perform searches, especially criminal searches, based on a 7/8/96 statement by the State Board of Accounts. State statute sets the certification fee as \$1.00 per document plus copy fee and \$1.00 per page for copies. Most but not all courts follow this fee structure.

Note that State tax liens on personal property are filed with the Circuit Clerk; and not with the County Recorder.

### Online Access is Wide Spread but not Statewide

There are two online systems in the state with docket information from the Circuit and Superior courts, plus some of the City courts. Neither have all counties in the state.

The system with the most participating counties (88) counties has a limited free search of open case index available at <http://www.doxpop.com/prod/>. Doxpop does offer full access to case record information as a subscription. Their fees range from \$30.00 to \$1,020.00 per month depending on number of searches. In general, the service does not provide case files or images, as the IN courts are cautious about providing this material. Therefore an onsite search may be necessary to pull case file information, especially if a case involves a civil judgment. Although not statewide, this is nonetheless an expanding service that is also adding recording office data. This system also includes a number of City Courts.

The second system - Odyssey (<http://mycase.in.gov/default.aspx>) - has courts in over 50 counties participating - but that does not necessarily mean all courts from a county are reporting. This is a free search of the docket. More counties are scheduled to be added over time. On Odyssey one may search for 1) Criminal and Citation case records; or 2) Civil, Family and Probate case records. Note all counties on Odyssey are on also on Dcxpop. But neither system offers a true statewide search.

Per feedback from local PIs and record searchers, there are several cautionary additional facts to keep in mind about the Odyssey System:

- Certain counties do not provide sentencing details, especially regarding plea bargains, on criminal records. The system merely shows there is a disposition date. Therefore one must pull the case file in person.
- For criminal cases, Odyssey does not display identifiers other than name and address (at time of charging and filed updates); no DOBs. Dcxpop will display DOBs on criminal records. Neither system displays DOBs on civil records.
- Once a court implements Odyssey, all new cases will be maintained in the system. However, the extent to which a court's old records are included in the Odyssey's case management system depends on whether or not the county decides to convert some or all of the data from their legacy system, or manually enter closed cases into Odyssey. Odyssey does not show this thru date which means users must individually contact each county on Odyssey in order to determine the extent to which data has been converted from one system to the next (displayed in PRRS as they become available)

Note that counties must be approved by Trail Rule 77 in order to post court records on the Internet. See [www.in.gov/judiciary/rules/trial\\_proc/index.html#77](http://www.in.gov/judiciary/rules/trial_proc/index.html#77).

# Indiana Recording Offices

## Organization:

92 counties, 92 recording offices. The recording officer is the County Recorder;

12 Western Indiana counties are in the Central Time Zone (CST). They are: Gibson, Jasper, La Porte, Lake, Newton, Perry, Porter, Posey, Spencer, Starke, Vanderburgh, Warrick. The remainder are in the EST.

All Indiana counties now observe daylight savings time.

## Documents Recorded:

The office records deeds, mortgages, assignments, releases, powers of attorney, real estate contracts, annexations, trustee elections, affidavits, surveys, federal tax liens, mechanics liens, military discharges, articles of incorporation, cemetery deeds, bonds, plats, condominiums, firms doing business under assumed names, delinquent sewer liens, and miscellaneous instruments.

## Searching Real Estate Records:

Most counties will not perform real estate name searches. Real estate record copy fee is \$1.00 per page and certification fee is \$5.00 per document.

## Searching Tax Liens and UCC Records:

All federal tax liens on personal property are filed with the County Recorder. State tax liens on personal property are filed with the Circuit Clerk in a different office than the Recorder. Refer to the County Court section for information on Indiana Circuit Courts. Most counties will not perform tax lien searches.

Many counties utilize a "Miscellaneous Index" for tax and other liens.

Financing statements are filed at the state level except for real estate related collateral which are filed with the County Recorder. However, prior to July, 2001, consumer goods collateral were also filed at the County Recorder and these older records can be searched there. Since July, 2002, farm collateral changed from local to state centralized filing. Most counties will perform UCC searches. Use search request form UCC-11. UCC search fee is usually \$10.00 per debtor name and \$5.00 for each add'l name. Most counties also charge \$.50 for a financing statement reported on a search.

## Online Access:

A growing number of agencies offer online access to recorded documents. Notable is the subscription service offered by Marion County and City of Indianapolis at <http://www.biz.indygov.org/>.

Over 34 counties, access recorder land data by subscription on either the Laredo system using subscription and fees (accessible from the County web page) or the Tapestry System using credit card. See <https://tapestry.fidlar.com/Tapestry2/Default.aspx>; There is a \$5.95 search fee and a \$.50 per image fee. There is a \$.75 per print page fee.

Access a free name-only without identifiers search of recorded documents at [www.doxpop.com/prod/](http://www.doxpop.com/prod/). A subscription is necessary to obtain detailed information included images. There are at least 33 counties available on this site.

## Tax Assessor Data:

There are three government sites that provide a wealth of information dealing with property assessment, taxes and ownership. Each site gives the ability to search by name or property on a county basis.

- 1) Property Assessed Value: [www.in.gov/dlqf/4931.htm](http://www.in.gov/dlqf/4931.htm)
- 2) Property Sales Disclosures: [www.in.gov/dlqf/5584.htm](http://www.in.gov/dlqf/5584.htm)
- 3) Property Tax Bill - Past Dues: [www.in.gov/dlqf/4929.htm](http://www.in.gov/dlqf/4929.htm)

All 92 counties have access to basic property search for free at <http://beacon.schneidercorp.com/>. For detailed information must subscribe.

# Indiana County Locator

You will usually be able to find the city name in the City/County Cross Reference below. However, only the official US Postal Service city names are included in this index. There are an additional 40,000 place names that people use in their addresses. Therefore, we have also included a ZIP/City Cross Reference immediately following the City/County Cross Reference.

If you know the ZIP Code but the city name does not appear in the City/County Cross Reference index, look up the ZIP Code in the ZIP/City Cross Reference, find the city name, then look up the city name in the City/County Cross Reference. For example, you want to know the county for an address of Menands, NY 12204. There is no "Menands" in the City/County Cross Reference. The ZIP/City Cross Reference shows that ZIP Codes 12201-12288 are for the city of Albany. Looking back in the City/County Cross Reference, Albany is in Albany County.
