### Searching Standards for Federal Courts:

District Courts index by defendant, plaintiff, and by case number. Bankruptcy Courts usually index by debtor and case number. Most case files created prior to 1999 were maintained in paper format only. Since 2006, all cases are filed electronically. Paper case files may be stored at the courthouse or forwarded to a designated Federal Records Center (see <http://archives.gov/frc>), the timeframe determined by the Court. These case files may be obtained via the Court or directly from the FRC.

Case data may be viewed PACER, the online public access program. An account is required, the fee is \$.10 per page; there is no fee if a usage does not exceed \$15.00 in a quarter. For details about PACER see the Appendix or go to <https://www.pacer.gov> or call 800-676-6856. The copy fee is \$.50; \$.10 if electronic document is printed from terminal. Certification fee is \$11.00 per document and \$21.00 for exemplification, if available. If a case is still available from the individual federal court, the search fee is \$30.00. If the case is at the Archives, the case can be ordered from the court. The fee to retrieve a paper file is \$64.00 for the first box and \$39.00 ea add'l box. Also, the public can order copies direct online from the National Archives. Copies can be delivered by mail, fax, or email. See more information, including fees, at [www.archives.gov/research/court-records/.55](http://www.archives.gov/research/court-records/.55).

## Details on the Trial Court Structure

The trial court of general jurisdiction in Louisiana is the **District Court**. A District Court Clerk in each Parish holds all the records for that Parish. Each Parish has its own clerk and courthouse.

**City Courts** are courts of record and handle misdemeanors, limited civil, juvenile, traffic and eviction. The amount of civil is concurrent with the District Court based where the amount in controversy does not exceed \$15,000 to \$50,000 depending on the court. (See CCP 4843 - <http://www.legis.state.la.us/lss/lss.asp?doc=112087>).

In criminal matters, City Courts generally have jurisdiction over ordinance violations and misdemeanor violations of state law. City judges also handle a large number of traffic cases.

**Parish Courts** exercise jurisdiction in civil cases worth up to \$10,000 to 25,000 and criminal cases punishable by fines of \$1,000 or less, or imprisonment of six months or less. Cases are appealable from the Parish Courts directly to the courts of appeal. A municipality or local may have a **Mayor's Court** or **Justice of the Peace Court** which handle certain traffic cases and minor infractions.

## Record Searching Facts You Need to Know

### Fees and Record Searching Tips

The fees for criminal record searches, copies and certifications for the Parish District Courts are set by statute; however, the courts do not always follow these standards. The fee for a criminal record search is \$20.00, copy fee is \$1.00, and \$5.00 to certify. 80% of the courts offer a public access terminal. Many City Courts are not computerized; records must be researched using non-electronic indices.

### Online Access is Limited

There is no statewide system open to the public for trial court dockets, but a number of parishes offer online access. Supreme Court Dockets going back approx. 2 years are shown at [www.lasc.org/docket/default.asp](http://www.lasc.org/docket/default.asp).

# Louisiana Recording Offices

- Organization:** 64 parishes, 64 recording offices. The recording officer is the Clerk of Court. One parish – St. Martin – has two non-contiguous segments. In Orleans Parish, deeds are recorded in a different office from mortgages. Louisiana is in the Central Time Zone (CST).
- Documents Recorded** Typical documents recorded include property conveyance and mortgages, plat maps, and birth records. Conveyance records include all deeds, exchanges, partitions, judgments recognizing heirs, oil and gas leases, mineral sales, royalty deeds, rights of way for pipelines, roadways, telephone and electric transmission lines.
- Searching Recorded Documents:** Most parishes will perform a mortgage search - \$20.00 1st name; \$10.00 each add'l name. Some will provide a record owner search. Copy fees vary, usually \$1.00 or \$.75 per page. Most parishes' certification fee is \$5.00 per doc plus copy fee. Many parishes include tax and other non-UCC liens in mortgage records.
- Searching Tax Lien and UCC Records:** All federal and state tax liens are filed at the parish level. However note that federal tax liens are placed in the state UCC database and state tax liens are not. Most parishes will perform tax lien searches for varying fees. Parishes who still perform these types of searches will automatically include tax liens on personal property in a mortgage certificate search. The statewide index of UCC filings is available in each parish office. UCC Financing statements are filed with the Parish Clerk of Court and are entered onto a statewide database of UCC financing statements available for searching at any parish office. Most parishes perform UCC searches for \$30.00 per debtor name, use form UCC-11. UCC copy fee is \$1.00 to \$2.00 per page.
- Online Access:** A number of parishes offer online access to recorded documents. Most are commercial fee systems but newer systems are allowing for free index searching, then a fee for images, usually \$1.00 each. There is a statewide online access system for UCC information. Although federal tax liens are filed at the parish level, they do appear on this search. State tax liens do not appear on this database search. # Louisiana Parish Locator

You will usually be able to find the city name in the City/Parish Cross Reference below. However, only the official US Postal Service city names are included in this index. There are an additional 40,000 place names that people use in their addresses. Therefore, we have also included a ZIP/City Cross Reference immediately following the City/Parish Cross Reference.

If you know the ZIP Code but the city name does not appear in the City/Parish Cross Reference index, look up the ZIP Code in the ZIP/City Cross Reference, find the city name, then look up the city name in the City/Parish Cross Reference. For example, you want to know the county for an address of Menands, NY 12204. There is no "Menands" in the City/Parish Cross Reference. The ZIP/City Cross Reference shows that ZIP Codes 12201-12288 are for the city of Albany. Looking back in the City/Parish Cross Reference, Albany is in Albany Parish.
