Searching Standards for Federal Courts:

District Courts index by defendant, plaintiff, and by case number. Bankruptcy Courts usually index by debtor and case number. Most case files created prior to 1999 were maintained in paper format only. Since 2006, all cases are filed electronically. Paper case files may be stored at the courthouse or forwarded to a designated Federal Records Center (see <http://archives.gov/frc>), the timeframe determined by the Court. These case files may be obtained via the Court or directly from the FRC.

Case data may be viewed on the online public access program called PACER. An account is required, the fee is \$.10 per page; there is no fee if a usage does not exceed \$15.00 in a quarter. For details about PACER and CM/ECF see the Appendix or go to <https://www.pacer.gov> or call 800-676-6856

The copy fee is \$.50; \$.10 if electronic document is printed from terminal. Certification fee is \$11.00 per document and \$21.00 for exemplification, if available. If a case is still available from the individual federal court, the search fee is \$30.00. If the case is at the Archives, the case can be ordered from the court. The fee to retrieve a paper file is \$64.00 for the first box and \$39.00 ea add'l box. Also, the public can order copies direct online from the National Archives. Copies can be delivered by mail, fax, or email. See more information, including fees, at www.archives.gov/research/court-records/.55

Details on the Court Structure

Circuit Courts are the courts of general jurisdiction and exclusive jurisdiction on civil matters over \$10,000. **District Courts** are the limited jurisdiction in civil matters. Civil cases between \$3,000 and \$10,000 may be concurrent and heard at either court, depending on local practice.

Circuit and District courts are combined in all but eight larger counties. Barbour, Coffee, Jefferson, St. Clair, Talladega, and Tallapoosa Counties have two court locations within the county. Jefferson County (Birmingham), Madison (Huntsville), Marshall, and Tuscaloosa Counties have separate criminal divisions for Circuit Courts and/or District Courts.

All counties have separate **Probate Courts**.

A misdemeanor committed with a felony is tried with the felony. The Circuit Courts hear appeals for misdemeanors from the District Courts. District Courts can receive guilty pleas in felony cases.

Record Searching Facts You Need to Know

Fees and Record Searching Tips

Although in most counties Circuit Courts and District Courts are combined, each index could be separate. Therefore, when you request a search of both courts, a good idea is to ask the search to cover "both the Circuit and District Court records." A number of courts do not perform searches, you must hire a retriever. Many courts offer public access computer terminals. A Directive from 2007 set mandatory fees for record copies at a flat rate of \$5.00 for the first 20 copies then \$.50 per copy. The certification fee was set at \$5.00. Also the Directive indicates courts MAY charge \$10.00 for a computerized case history check, \$20.00 for a search of paper records, and \$25.00 for a search of archival records.

On September 6, 2012, Chief Justice Chuck Malone entered an Order mandating that all attorneys must e-file documents in civil, domestic relations, and child support cases. A copy of the order and Administrative Policies and Procedures for Electronic Filing are available on this page. This mandate was effective October 1, 2012.

Online Access is Statewide for State Trial Courts

Online access is provided by a vendor designated by the courts. Records include criminal, civil, small claims, state traffic, domestic relations, and child support. The service is available either as an 'on demand' system or by subscription. The system includes all active cases and disposed cases going back at least 7 to 10 years, some going back as far as the late 1970's. The information includes Civil, Criminal, Domestic Relations & Child Support, Traffic, and Outstanding Alias Warrants.

ON-DEMAND Access at <https://pa.alacourt.com/default.aspx> is for low volume users. A name search is \$9.99 which includes details on one case; each additional case is \$9.99. A case number search is \$9.99. Images are \$5.00 for the first 20 pages and \$.50 per page each add'l. There is a case monitoring service offered as well; \$29.99 for a Circuit Court case and \$19.99 for a Dis-

tract Court case. To sign up visit <https://pa.alacourt.com/default.aspx>

The subscription service is found at <https://v2.alacourt.com>. There are two different types of subscriptions: Legal System and Background. There is a \$150 set-up for either.

The Legal System is meant for attorneys, bail bond companies, news media, and government agencies. The fee for a single user is \$84 per month, 2 to 5 users is \$104 per month, and 6+ users \$134 per month. The Background subscription is meant for Commercial (background screening companies) and Internal (employers), each with a different pricing package. For Internal, the fee is \$150 per month for 100 searches, with each additional search charged \$1.00. For Commercial, the fee is \$225 per month for 100 searches with a \$2.00 for ea add'l up to 1000 then \$1.00 ea add'l. There is also a low volume choice for \$100 per month for 10 searches and \$5.00 ea add'l.

Not to be confusing but there are also Bulk Packages available for enterprise companies that vary from \$.40 to \$.60 a search for a minimum of 600 to 1000. The web page provides the details.
